Draft Federal Lead Strategy for interagency review prior to OMB review. It was just revised/shortened by Pres Task Force senior steering committee in last few days. See details from HHS at bottom of chain.

It can be shared within ORD for our Wed Pb mtg, with reminder it is an internal document Ex. 5 Deliberative Process (DP)

**Ex. 5 Deliberative Process (DP)** should be of particular interest for StRAP planning.

Lead Subcommittee Members

The draft Federal Lead Strategy (see attached) is now ready for intra-agency  
discussion. The strategy has been shortened in length but not substance.

I want to thank you all for your input and dedication towards developing the  
strategy.

Please take a look at the accompanying information from the Task Force Senior  
Steering Committee Co-Chairs Sandra Howard & Ruth Etzel.

Colleagues, attached is the draft federal lead strategy. No need to tell me that it suffers from inconsistent formatting, resulting from too much cutting and pasting, and the endnotes/footnotes may not all be where they are supposed to be. I missed my appointment with the footnote Sherpa. We will fix those issues later. Please read the note below and attached from Ruth and me. We (Manthan and Angela) also prepared a briefing fact sheet. Use as desired.

I know we shaved some time off your intra agency discussion period. Consider that the document is now about 25 pages. Much less to review and brief on. Many thanks to Michael, Kimberly Angela, Manthan, Sarah and the Goal Team co-chairs for their work this past week to get this out to you. As you know, SSS Committee members are receiving this draft as a courtesy to identify any concerns before we send the Strategy to OMB for clearance.

The full lead subcommittee will receive this document from Michael Firestone, the managing co-chair as soon as possible. Ruth and I are extremely grateful for their dedication and efforts. We know we can count on them to help finalize the document.

April 6,

2018

Dear Steering Committee Members and Alternates:

Attached is the “pre-clearance” draft of *Federal Strategy to Reduce Childhood Lead Exposures and Associated Health Impacts*. This document is provided to you as a courtesy, to enable you to inform your leadership or other interested parties in your agency. We would like to receive comments from Task Force Member agencies. However, we are not asking for official agency concurrence at this time. The Office of Management and Budget will circulate a revised draft of this document through the LRM process. We expect the LRM review to begin in early May.

Please observe the following:

- This is an internal federal document. Do not circulate this draft outside of the federal government.
- Give the document a high-level policy review. Refrain from line-editing. It will be carefully edited before we send it to OMB.
- Please include suggested text with your comments.
- Be prepared to report on your agency’s briefing at the April 12<sup>th</sup> meeting of the Steering Committee. If you will be preparing written comments, they are due no later than April 16<sup>th</sup>. Attached is a briefing document for your reference.

**HHS staff:** You can brief your leadership as desired; however the Office of the Assistant Secretary for Health (OASH) Executive Secretary will coordinate an intra-agency review and collect

comments. Heads of Operating Divisions, Staff Divisions and OASH offices will receive the document through their Executive Secretary. I will compile them and produce one set of HHS comments.

- Other Steering Committee Members: Please send comments to [Etzel.Ruth@epa.gov](mailto:Etzel.Ruth@epa.gov); [Sandra.Howard@hhs.gov](mailto:Sandra.Howard@hhs.gov); and [Firestone.Michael@epa.gov](mailto:Firestone.Michael@epa.gov)  
Thank you for your collaborative efforts to develop this strategy.

Sincerely,

Sandra Howard and Ruth Etzel

President's Task Force on Environmental Health Risks  
and Safety Risks to Children

Sandra N. Howard
